ETFMG Real Estate Tech ETF

Dear Shareholder,

The ETFMG Real Estate Tech ETF (the “Fund”) seeks to provide investment results that, before fees and expenses, correspond generally to the total return performance of the Prime Real Estate Technology Index (the “Index”). The following information pertains to the fiscal period from the inception of the Fund on October 19, 2021 to March 31, 2022.

Over the period, the total return for the Fund was -34.91%, while the total return for the Index was -34.75%. The best performers in the Fund, on the basis of contribution to return were Tricon Residential Inc, Pexa Group Ltd, Gatechnologies Co Ltd, Airbnb Inc-Class A and Lifull Co Ltd, while the worst performers were Opendoor Technologies Inc, Ke Holdings Inc-Adr, Ming Yuan Cloud Group Holdin, Exp World Holdings Inc and Zillow Group Inc – A

At the end of the reporting period, the Fund saw an average approximate allocation of 36.57% to Real Estate, 20.44% to Communication Services and 15.56% to Financials. The portfolio securities of the Fund were exposed predominately to the United States at 62.4% , 9.12% to Australia and 6.45% to Germany.

We thank you for your interest in the Fund. You can find further details about HHH by visiting www.etfmg.com, or by calling 1-844-ETF-MGRS (1-844-383-6477).

Sincerely,

Samuel Masucci III
Chairman of the Board

**ETFMG Real Estate Tech ETF
Growth of \$10,000 (Unaudited)**

**Average Cumulative Returns
Period Ended March 31, 2022**

	Since Inception (10/19/2021)	Value of \$10,000 (3/31/2022)
ETFMG Real Estate Tech ETF (NAV)	-34.91%	\$ 6,509
ETFMG Real Estate Tech ETF (Market)	-34.38%	\$ 6,562
S&P 500 Index	0.89%	\$ 10,089
Prime Real Estate Technology Index GTR	-34.75%	\$ 6,525

Performance data quoted represents past performance and does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted. All performance is historical and includes reinvestment of dividends and capital gains. Performance data current to the most recent month end may be obtained by calling 1-844-ETF-MGRS (1-844-383-6477).

The chart illustrates the performance of a hypothetical \$10,000 investment made on October 19, 2021, and is not intended to imply any future performance. The returns shown do not reflect the deduction of taxes that a shareholder would pay on fund distributions from the sales of Fund shares. The chart assumes reinvestment of capital gains and dividends. The chart assumes reinvestment of capital gains and dividends, if any. The Index Returns do not reflect fees or expenses and are not available for direct investment.

ETFMG Real Estate Tech ETF

Important Disclosures and Key Risk Factors

Investing involves risk, including the possible loss of principal. Shares of any ETF are bought and sold at market price (not NAV), may trade at a discount or premium to NAV and are not individually redeemed from the Fund. Brokerage commissions will reduce returns. Narrowly focused investments typically exhibit higher volatility.

Past performance is not indicative of future return. A fund's performance for very short time periods may not be indicative of future performance.

HHH

The Fund is non diversified, meaning it may concentrate its assets in fewer individual holdings than a diversified fund. Investments in smaller companies tend to have limited liquidity and greater price volatility than large capitalization companies. Technology companies may have limited product lines, markets, financial resources or personnel. The products of technology companies may face obsolescence due to rapid technological developments and frequent new product introduction, and such companies may face unpredictable changes in growth rates, competition for the services of qualified personnel and competition from foreign competitors with lower production costs. Companies in the technology sector are heavily dependent on patent and intellectual property rights. The loss or impairment of these rights may adversely affect the profitability of these companies.

The Fund is a recently organized investment company with limited operating history. As a result, prospective investors have a limited track record or history on which to base their investment decision. There can be no assurance that the Fund will grow to or maintain an economically viable size.

Unlike with an actively managed fund, the Fund's adviser does not use techniques or defensive strategies designed to lessen the effects of market volatility or to reduce the impact of periods of market decline. This means that, based on market and economic conditions, the Fund's performance could be lower than other types of funds that may actively shift their portfolio assets to take advantage of market opportunities or to lessen the impact of a market decline.

The equity securities held in the Fund's portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific issuers, industries, or sectors in which the Fund invests such as political, market and economic developments, as well as events that impact specific issuers.

Additionally, natural or environmental disasters, widespread disease or other public health issues, war, acts of terrorism or other events could result in increased premiums or discounts to the Fund's NAV.

ETF Managers Group LLC is the investment adviser to the Fund.

The Fund is distributed by ETFMG Financial LLC. ETF Managers Group LLC and ETFMG Financial LLC are wholly owned subsidiaries of Exchange Traded Managers Group LLC (collectively, "ETFMG"). ETFMG is not affiliated with Prime Indexes.

The Fund is intended to be made available only to U.S. residents. Under no circumstances is any information provided on this website intended for distribution to or use by, or to be an offer to sell to or solicitation of an offer to buy the Fund or any investment product or service of, any person or entity in any jurisdiction or country, other than the United States, where such distribution, use, offer or solicitation would subject the Fund or its affiliates to any registration requirement or be unlawful under the securities laws of that jurisdiction or country.

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited)

NOTE 1 – ORGANIZATION

ETFMG Real Estate Tech ETF (the “Fund”) is a series of ETF Managers Trust (the “Trust”), an open-end management investment company consisting of multiple investment series, organized as a Delaware statutory trust on July 1, 2009. The Trust is registered with the SEC under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company and the offering of the Fund’s shares (“Shares”) is registered under the Securities Act of 1933, as amended (the “Securities Act”). The Fund seeks to provide investment results that, before fees and expenses, correspond generally to the total return performance of the Prime Real Estate Technology Index – U.S. (“the Index”). The Fund commenced operations on October 19, 2021.

The Fund currently offers one class of shares, which has no front end sales load, no deferred sales charges, and no redemption fees. The Fund may issue an unlimited number of shares of beneficial interest, with no par value. All shares of the Fund have equal rights and privileges.

Shares of the Fund are listed and traded on the NYSE Arca, Inc. Market prices for the Shares may be different from their net asset value (“NAV”). The Fund issues and redeems Shares on a continuous basis at NAV only in blocks of 25,000 shares, called “Creation Units.” Creation Units are issued and redeemed principally in-kind for securities included in the Index. Once created, Shares generally trade in the secondary market at market prices that change throughout the day in quantities less than a Creation Unit. Except when aggregated in Creation Units, Shares are not redeemable securities of the Fund. Shares of the Fund may only be purchased or redeemed by certain financial institutions (“Authorized Participants”). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a DTC participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem the Shares directly from the Fund. Rather, most retail investors may purchase Shares in the secondary market with the assistance of a broker and may be subject to customary brokerage commissions or fees.

Authorized Participants transacting in Creation Units for cash may pay an additional variable charge to compensate the relevant Fund for certain transaction costs (i.e., brokerage costs) and market impact expenses relating to investing in portfolio securities. Such variable charges, if any, are included in “Transaction Fees” in the Statements of Changes in Net Assets.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The Fund follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board Accounting Standard Codification *Topic 946 Financial Services – Investment Companies*.

The Fund may invest in certain other investment companies (underlying funds). For specific investments in underlying funds, please refer to the complete schedule of portfolio holdings on Form N-CSR(S) for this reporting period, which is filed with the U.S. Securities and Exchange Commission (“SEC”). For more information about the underlying fund’s operations and policies, please refer to those funds’ semiannual and annual reports, which are filed with the SEC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

- A. *Security Valuation.* Securities listed on a securities exchange, market or automated quotation system for which quotations are readily available (except for securities traded on NASDAQ), including securities traded over the counter, are valued at the last quoted sale price on the primary exchange or market (foreign or domestic) on which they are traded on the valuation date (or at approximately 4:00 pm Eastern Time if a security’s primary exchange is normally open at that time), or, if there is no such reported sale on the valuation date, at the most recent quoted bid price. For securities traded on NASDAQ, the NASDAQ Official Closing Price will be used.

Securities for which quotations are not readily available are valued at their respective fair values as determined in good faith by the Board of Trustees (the “Board”). When a security is “fair valued,” consideration is given to the facts and circumstances relevant to the particular situation, including a review of various factors set forth in the pricing procedures adopted by the Fund’s Board. The use of fair value pricing by the Fund may cause the net asset value of its shares to differ significantly from the net asset value that would be calculated without regard to such considerations. As of March 31, 2022, the Fund did not hold any fair valued securities.

As described above, the Fund utilizes various methods to measure the fair value of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

The following table presents a summary of the inputs used to value the Fund's net assets as of March 31, 2022:

ETFMG Real Estate Tech ETF

Assets [^]	Level 1	Level 2	Level 3	Total
Common Stocks	\$1,614,272	\$ —	\$ —	\$1,614,272
Short-Term Investments	13,625	—	—	13,625
Total Investments in Securities	\$1,627,897	\$ —	\$ —	\$1,627,897

[^] See Schedule of Investments for classifications by sector or country.

- B. *Federal Income Taxes.* The Fund has elected to be taxed as a “regulated investment company” and intends to distribute substantially all taxable income to its shareholders and otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provisions for federal income taxes or excise taxes have been made.

To avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare each year as dividends, in each calendar year, at least 98.0% of its net investment income (earned during the calendar year) and 98.2% of its net realized capital gains (earned during the twelve months ended October 31) plus undistributed amounts, if any, from prior years.

Net capital losses incurred after October 31, within the taxable year are deemed to arise on the first business day of the Fund's next taxable year.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more likely than not” to be sustained assuming examination by tax authorities. The Fund has analyzed its tax position and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions expected to be taken in the Fund's 2021 tax returns. The Fund identifies its major tax jurisdictions as U.S. Federal, the State of New Jersey, and the State of Delaware; however the Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next twelve months.

As of March 31, 2022, management has reviewed the tax positions for open periods (for federal purposes, three years from the date of filing and for state purposes, four years from the date of filing) as applicable to the Fund, and has determined that no provision for income tax is required in the Fund's financial statements.

- C. *Security Transactions and Investment Income.* Investment securities transactions are accounted for on the trade date. Gains and losses realized on sales of securities are determined on a specific identification basis. Discounts/premiums on debt securities purchased are accreted/amortized over the life of the respective securities using the effective interest method. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis. Income, including gains, from investments in foreign securities received by the Fund may be subject to income, withholding or other taxes imposed by foreign countries.
- D. *Foreign Currency Translations and Transactions.* The Fund may engage in foreign currency transactions. Foreign currency transactions are translated into U.S. dollars on the following basis: (i) market value of investment securities, assets and liabilities at the daily rates of exchange, and (ii) purchases and sales of investment securities, dividend and interest income

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

and certain expenses at the rates of exchange prevailing on the respective dates of such transactions. For financial reporting purposes, the Fund does not isolate changes in the exchange rate of investment securities from the fluctuations arising from changes in the market prices of securities for unrealized gains and losses. However, for federal income tax purposes, the Fund does isolate and treat as ordinary income the effect of changes in foreign exchange rates on realized gains or losses from the sale of investment securities and payables and receivables arising from trade-date and settlement-date differences.

- E. *Distributions to Shareholders.* Distributions to shareholders from net investment income, if any, are declared and paid by the Fund on a quarterly basis. Distributions to shareholders from net realized gains on securities of the Fund normally are declared and paid on an annual basis. Distributions are recorded on the ex-dividend date.
- F. *Use of Estimates.* The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.
- G. *Share Valuation.* The net asset value (“NAV”) per share of the Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash and other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding by the Fund, rounded to the nearest cent. The Fund’s shares will not be priced on the days on which the NYSE is closed for trading. The offering and redemption price per share for the Fund is equal to the Fund’s net asset value per share.
- H. *Guarantees and Indemnifications.* In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund’s maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

NOTE 3 – RISK FACTORS

Investing in the ETFMG Real Estate Tech ETF may involve certain risks, as discussed in the Fund’s prospectus, including, but not limited to, those described below. Any of these risks could cause an investor to lose money.

Market Risk. Financial markets rise and fall in response to a variety of factors, sometimes rapidly and unpredictably. As with any investment whose performance is tied to these markets, the value of an investment in a fund will fluctuate, which means that an investor could lose money over short or long periods.

Investment Style Risk. The Fund is not actively managed. Therefore, the Fund follows the securities included in its respective index during upturns as well as downturns. Because of its indexing strategy, the Fund does not take steps to reduce market exposure or to lessen the effects of a declining market. In addition, because of the Fund’s expenses, the Fund’s performance may be below that of its index.

Equity Risk. The prices of equity securities rise and fall daily. These price movements may result from factors affecting individual companies, industries or the securities market as a whole. In addition, equity markets tend to move in cycles which may cause stock prices to fall over short or extended periods of time.

Securities Lending Risk. Securities lending involves the risk of loss of rights in, or delay in recovery of, the loaned securities if the borrower fails to return the security loaned or becomes insolvent.

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

Concentration Risk. To the extent that the Fund's or its underlying index's portfolio is concentrated in the securities of issuers in a particular market, industry, group of industries, sector or asset class, the Fund may be adversely affected by the performance of those securities, may be subject to increased price volatility and may be more vulnerable to adverse economic, market, political or regulatory occurrences affecting that market, industry, group of industries, sector or asset class.

Natural Disaster/Epidemic Risk. Natural or environmental disasters, such as earthquakes, fires, floods, hurricanes, tsunamis and other severe weather related phenomena generally, and widespread disease, including pandemics and epidemics (for example, the novel coronavirus COVID-19), have been and can be highly disruptive to economies and markets and have recently led, and may continue to lead, to increased market volatility and significant market losses. Such natural disaster and health crises could exacerbate political, social, and economic risks previously mentioned, and result in significant breakdowns, delays, shutdowns, social isolation, and other disruptions to important global, local and regional supply chains affected, with potential corresponding results on the operating performance of the Fund and its investments. A climate of uncertainty and panic, including the contagion of infectious viruses or diseases, may adversely affect global, regional, and local economies and reduce the availability of potential investment opportunities, and increases the difficulty of performing due diligence and modeling market conditions, potentially reducing the accuracy of financial projections. Under these circumstances, the Fund may have difficulty achieving its investment objective which may adversely impact performance. Further, such events can be highly disruptive to economies and markets, significantly disrupt the operations of individual companies (including, but not limited to, the Fund's third party service providers), sectors, industries, markets, securities and commodity exchanges, currencies, interest and inflation rates, credit ratings, investor sentiment, and other factors affecting the value of the Fund's investments. These factors can cause substantial market volatility, exchange trading suspensions and closures and can impact the ability of the Fund to complete redemptions and otherwise affect Fund performance and Fund trading in the secondary market. A widespread crisis may also affect the global economy in ways that cannot necessarily be foreseen at the current time. How long such events will last and whether they will continue or recur cannot be predicted. Impacts from these events could have significant impact on the Fund's performance, resulting in losses to the Fund.

NOTE 4 – MANAGEMENT AND CONTRACTS

ETF Managers Group, LLC (the "Advisor"), serves as the investment advisor to the Fund. Pursuant to an Investment Advisory Agreement ("Advisory Agreement") between the Trust, on behalf of the Fund, and the Advisor, the Advisor provides investment advice to the Fund and oversees the day-to-day operations of the Fund, subject to the direction and control of the Board and the officers of the Trust. Under the Advisory Agreement, the Advisor is also responsible for arranging transfer agency, custody, fund administration and accounting, and other non-distribution related services necessary for the Fund to operate.

Under the Investment Advisory Agreement with the Fund, the Advisor has overall responsibility for the general management and administration of the Fund and arranges for sub-advisory, transfer agency, custody, fund administration, securities lending, and all other non-distribution related services necessary for the Fund to operate. The Advisor bears the costs of all advisory and non-advisory services required to operate the Fund, in exchange for a single unitary fee. For services provided the Fund pays the Advisor at an annual rate of 0.75% of the Fund's average daily net assets. Under the Investment Advisory Agreement, the Advisor has agreed to pay all expenses of the Fund, except for: the fee paid to the Advisor pursuant to the Investment Advisory Agreement, interest charges on any borrowings, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, and distribution (12b-1) fees and expenses (collectively, "Excluded Expenses"). The Advisor has entered into an agreement with its affiliate,

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

ETFMG Financial, LLC, to serve as distributor to the Fund (the “Distributor”). The Distributor provides marketing support for the Fund, including distributing marketing materials related to the Fund.

U.S. Bancorp Fund Services, LLC doing business as U.S. Bank Global Fund Services (the “Administrator”) provides fund accounting, fund administration, and transfer agency services to the Fund. The Advisor compensates the Administrator for these services under an administration agreement between the two entities.

The Advisor pays each independent Trustee a quarterly fee for service to the Fund. Each Trustee is also reimbursed by the Advisor for all reasonable out-of-pocket expenses incurred in connection with his duties as Trustee, including travel and related expenses incurred in attending Board meetings.

NOTE 5 – DISTRIBUTION PLAN

The Fund has adopted a Plan of Distribution pursuant to Rule 12b-1 under the 1940 Act. Under the Plan, the Fund may pay compensation to the Distributor or any other distributor or financial institution with which the Trust has an agreement with respect to the Fund, with the amount of such compensation not to exceed an annual rate of 0.25% of each Fund’s average daily net assets. For the period ended March 31, 2022, the Fund did not incur any 12b-1 expenses.

NOTE 6 - PURCHASES AND SALES OF SECURITIES

The costs of purchases and sales of securities, excluding short-term securities and in-kind transactions, for the period ended March 31, 2022:

	<u>Purchases</u>	<u>Sales</u>
ETFMG Real Estate Tech ETF	\$ 245,882	\$ 267,652

The costs of purchases and sales of in-kind transactions associated with creations and redemptions for the period ended March 31, 2022:

	<u>Purchases In- Kind</u>	<u>Sales In- Kind</u>
ETFMG Real Estate Tech ETF	\$ 2,511,593	\$ —

Purchases in-kind are the aggregate of all in-kind purchases and sales in-kind are the aggregate of all proceeds from in-kind sales. Net capital gains or losses resulting from in-kind redemptions are excluded from the determination of the Fund’s taxable gains and are not distributed to shareholders.

There were no purchases or sales of U.S. Government obligations for the period ended March 31, 2022.

NOTE 7 – LEGAL MATTERS

The Adviser and its parent, ETFMG, were defendants in a case filed on October 26, 2017 in the United States District Court for the Southern District of New York by NASDAQ, Inc. (“Nasdaq”) captioned Nasdaq, Inc. v. Exchange Traded Managers Group, LLC et al., Case 1:17-cv-08252 (the “New York Action”). This action asserted claims for breach of contract, conversion and certain other claims based on disputes arising out of contractual relationships with the Adviser relating to certain series of the Trust. The matter was the subject of a bench trial in May 2019, and on December 20, 2019, the Court issued an Opinion and Order awarding compensatory damages to Plaintiff in the amount of \$78,403,172.36, plus prejudgment interest (the “Judgment”). In its decision, the Court in the New

NOTES TO FINANCIAL STATEMENTS

March 31, 2022 (Unaudited) (Continued)

York Action stated that its damages award, which gave rise to the Judgment, “includes the share of profits to which Nasdaq’s venture partner PureShares was entitled[.]”

ETFMG filed a Notice of Appeal from the Judgment in the United States Court of Appeals for the Second Circuit on January 19, 2020, Docket No. 20-300. On October 28, 2021, Nasdaq and ETFMG entered into a Judgment Payment Agreement, which settled the matter and satisfied the Judgment. On November 1, 2021, Nasdaq recorded a Satisfaction of Judgment with the United States District Court for the Southern District of New York reflecting that the Judgment was paid in full, and ETFMG withdrew its appeal of the Judgment with prejudice before the United States Court of Appeals for the Second Circuit.

The Trust, the Adviser, and certain officers and affiliated persons of the Adviser (together with the Adviser, the “Adviser Defendants”) have been named as defendants in an action filed December 21, 2021, in the Superior Court of New Jersey, Union County, captioned PureShares, LLC, d/b/a PureFunds et al. v. ETF Managers Group, LLC et al., Docket No. UNN-C-152-21 (the “NJ Action”). The NJ Action asserts breach of contract, defamation and other tort claims arising from the same facts and circumstances, and relates to the same series of the Trust, that gave rise to the New York Action. The NJ Action seeks damages in unspecified amounts and injunctive relief. On February 19, 2022, the Adviser, together with the other named affiliates, filed a motion for an Order dismissing the complaint filed by the Plaintiffs, in part, on the basis that Plaintiffs’ claims overlap with, and are barred by, those claims previously asserted by Nasdaq (and resolved on PureShares’ behalf) in the New York Action that resulted in the judgment against the defendants, which has been satisfied.

NOTE 8 – SUBSEQUENT EVENTS

In preparing these financial statements, the Fund has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued. Except as disclosed below, this evaluation did not result in any subsequent events that necessitated disclosures and/or adjustments to the Financial Statements.

With respect to Note 7 – Legal Matters, on May 25, 2022, the court in the NJ Action dismissed with prejudice all claims asserted against the Trust as well as, all claims asserted against the Adviser Defendants, aside from the defamation claim. The Adviser Defendants intend to vigorously defend themselves against this sole remaining claim.

**APPROVAL OF ADVISORY AGREEMENT AND BOARD CONSIDERATIONS
For the Period Ended March 31, 2022 (Unaudited)**

Pursuant to Section 15(c) of the Investment Company Act of 1940 (the “1940 Act”), at a meeting held on August 24, 2021, the Board of Trustees (the “Board”) of ETF Managers Trust (the “Trust”) considered the approval of the Amended and Restated Investment Advisory Agreement (the “Agreement”) between ETF Managers Group LLC (the “Adviser”) and the Trust, on behalf of ETFMG Prime Real Estate Tech ETF (the “Fund”).

Pursuant to Section 15 of the 1940 Act, the Agreement must be approved by the vote of a majority of the Trustees who are not parties to the Agreement or “interested persons” of any party thereto, as defined in the 1940 Act (the “Independent Trustees”), cast in person at a meeting called for the purpose of voting on such approval. In preparation for such meeting, the Board requests and reviews a wide variety of information from the Adviser.

In reaching its decision, the Board, including the Independent Trustees, considered all factors it believed relevant, including: (i) the nature, extent and quality of the services to be provided to the Fund shareholders by the Adviser; (ii) comparative fee and expense data for the Fund in relation to other similar investment companies; (iii) the extent to which economies of scale may be realized as the Fund grows and whether the proposed advisory fee for the Fund reflects these expected economies of scale for the benefit of the Fund; and (iv) other financial benefits to the Adviser and its affiliates resulting from services to be rendered to the Fund. The Board’s review included written and oral information about the Adviser and services providers furnished to the Board prior to and at the meeting held on August 24, 2021, and throughout the year. Among other things, the Adviser provided responses to a detailed series of questions, which included information about the Adviser’s operations, service offerings, personnel, risk assessment and compliance programs and financial condition. Representatives of the Adviser discussed the services to be provided to the Fund, the rationale for launching the Fund, the marketing strategy and the Fund’s proposed fees in comparison to the fees of comparable investment companies. The Board then discussed the written and oral information that it received before the meeting and throughout the year, and the Adviser’s oral presentation and any other information that the Board received at the meeting and deliberated on the approval of the Agreement in light of this information.

The Independent Trustees were assisted throughout the contract review process by independent legal counsel. The Independent Trustees relied upon the advice of such counsel and their own business judgment in determining the material factors to be considered in evaluating the approval of the Agreement, and the weight to be given to each such factor. The conclusions reached with respect to the Agreement were based on a comprehensive evaluation of all the information provided and not any single factor. Moreover, each Trustee may have placed varying emphasis on particular factors in reaching conclusions with respect to the Fund. The matters discussed were also considered separately by the Independent Trustees in executive session with independent legal counsel, at which no representatives of management were present.

Nature, Extent and Quality of Services Provided.

The Trustees considered the scope of services to be provided under the Advisory Agreement, noting that the Adviser would be providing investment advisory services to the Fund. The Board discussed the responsibilities of the Adviser, including: the investment of the Fund’s assets in accordance with its investment objective and monitoring compliance with various fund policies and procedures and with applicable securities regulations, and arranging for transfer agency, custody, fund administration, and all other non-distribution related services necessary for the Fund to operate. In considering the nature, extent and quality of the services provided by the Adviser, the Board considered the quality of the Adviser’s compliance infrastructure and risk assessment capabilities; the marketing strategy for the Fund and the determination of the Trust’s Chief Compliance Officer that the Adviser has appropriate compliance policies and procedures in place that are reasonably designed to prevent violations of the Federal Securities laws. The Board also took into account the significant investments that the Adviser has made in its business to help ensure the provision of high-quality services to the

**APPROVAL OF ADVISORY AGREEMENT AND BOARD CONSIDERATIONS
For the Period Ended March 31, 2022 (Unaudited) (Continued)**

Fund, such as the hiring of trading, legal and compliance personnel, and enhancements to technology and related systems. The Board also considered the Adviser's experience managing ETFs, as well as the Adviser's response to the market volatility and uncertainty during the recent pandemic.

Based on the factors above, as well as those discussed below, the Board concluded that it was satisfied with the nature, extent and quality of the services to be provided to the Fund by the Adviser.

Historical Performance.

The Board noted that the Fund has not yet commenced operations and that therefore there was no prior performance to review.

Cost of Services Provided, Fall-Out Benefits and Economies of Scale.

The Board reviewed the proposed investment advisory fee for the Fund and compared it to the total operating expenses of other funds in the industry falling within the same style category, or peer group, as the Fund, as determined by the Adviser, using data received from an independent third party. The Board noted that the expense ratio for the Fund was higher than the average and median expense ratio for its peer ETFs. The Board took into consideration management's discussion of the fees, including that there are limited true peers for the Fund because of its niche strategies and certain differences between the strategies of the Fund and its peer funds.

The Board also noted the importance of the fact that the advisory fee for the Fund was a "unified fee," meaning that the shareholders of the Fund would pay no expenses other than the advisory fee, interest charges on any borrowings, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses (such as, among other things and subject to Board approval, certain proxy solicitation costs and non-standard Board-related expenses and litigation against the Board, Trustees, Fund, Adviser, and officers of the Adviser), and distribution (12b-1) fees and expenses (the "Excluded Expenses"). The Board also noted that the Adviser would be responsible for compensating the Fund's other service providers and paying the Fund's other expenses out of its own fee and resources. The Board further noted that because the Fund is new, it was difficult to estimate the profitability of the Fund to the Adviser. The Board, however, considered collateral or "fall-out" benefits that ETFMG and its affiliates may derive as a result of their relationship with the Fund.

The Board noted that because the Fund is new, it also was difficult to estimate whether the Fund would experience economies of scale. The Board noted that the Adviser will review expenses as the Fund's assets grow. The Board determined to evaluate economies of scale on an ongoing basis if the Fund achieved asset growth.

In its deliberations, the Board did not identify any single piece of information discussed above that was all-important, controlling or determinative of its decision. Based on the Board's deliberations and its evaluation of the information described above, the Board, including the Independent Trustees, unanimously: (a) concluded that the terms of the Agreement are fair and reasonable; (b) concluded that the Adviser's fees are reasonable in light of the services that the Adviser will provide to the Fund; and (c) approved the Agreement for an initial term of two years.

Expense Example

Period Ended March 31, 2022 (Unaudited)

As a shareholder of ETFMG Real Estate Tech ETF (the “Fund”) you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of Fund shares, and (2) ongoing costs, including management fees and other Fund expenses. These examples are intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other funds. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (October 19, 2021 to March 31, 2022), except as noted in footnotes below.

Actual Expenses

The first line of the table provides information about actual account values based on actual returns and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then, multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second line of the table provides information about hypothetical account values based on a hypothetical return and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line of the table is useful in comparing ongoing costs only and will not help you determine the relative total costs of owning different funds. If these transactional costs were included, your costs would have been higher

ETFMG Real Estate Tech ETF

	Beginning Account Value	Ending Account Value	Expenses Paid During the Period[^]	Annualized Expense Ratio During Period
	October 1, 2021	March 31, 2022	During the Period[^]	During Period
Actual	\$ 1,000.00	\$ 650.90	\$ 2.78(1)	0.75%
Hypothetical (5% annual)	\$ 1,000.00	\$ 1,021.19	\$ 3.78(2)	0.75%

(¹) Fund commenced operations on October 19, 2021.

(¹) Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value during the period, multiplied by the number of days in the most recent inception period, 164 days, and divided by the number of days in the most recent twelve-month period, 365 days.

(²) Hypothetical expenses are calculated using the Fund's annualized expense ratio multiplied by the average account value during the period, multiplied by the number of days in the most recent six-month period, 182 days, and divided by the number of days in the most recent twelve-month period, 365 days. For comparative purposes only as the Fund was not in operation for the full six-month period.

STATEMENT REGARDING LIQUIDITY RISK MANAGEMENT PROGRAM
March 31, 2022 (Unaudited)

ETF Managers Trust (the “Trust”) has adopted a liquidity risk management program (the “Program”). The Trust’s Board of Trustees (the “Board”) has designated ETF Managers Group LLC (the “Program Administrator”) as the administrator of the Program. The Program Administrator has designated a committee (the “Committee”), composed of personnel from multiple departments, including investment operations and compliance, that is responsible for the implementation and ongoing administration of the Program, which includes assessing the liquidity risk of the ETFMG Prime Real Estate Tech ETF (the “Fund”) under both normal and reasonably foreseeable stressed conditions.

Under the Program, the Program Administrator assesses, manages and periodically reviews the Fund’s liquidity risk, based on factors specific to the circumstances of the Fund. Liquidity risk is the risk that the Fund could not meet shareholder redemption requests without significant dilution of remaining shareholders’ interests in the Fund. This risk is managed by monitoring the degree of liquidity of the Fund’s investments and limiting the amount of the Fund’s illiquid investments, among other means. The Program Administrator’s process of determining the degree of liquidity of the Fund’s investments is supported by one or more third-party liquidity assessment vendors.

At a meeting of the Board on March 28-29, 2022, the Adviser provided a written report to the Board addressing the operation, and the adequacy and effectiveness of the implementation, of the Program, including, the operation of any Highly Liquid Investment Minimum, where applicable, and any material changes to the Program, for the period from March 1, 2021 through March 1, 2022 (the “Reporting Period”). No significant liquidity events impacting the Fund were noted in the report and it was represented that, as of December 31, 2021, the Fund was primarily highly liquid and, during the Reporting Period, the Fund held less than 15% in illiquid securities. In addition, the Program Administrator provided its assessment that Program implementation was effective and that the Program operated adequately and effectively to enable the Program Administrator to oversee and manage liquidity risk and ensure the Fund is able to meet requests to redeem shares without significant dilution to the remaining investors’ interest in the Fund.

There can be no assurance that the Program will achieve its objectives in the future. Please refer to the Fund’s prospectus for more information regarding the Fund’s exposure to liquidity risk and other principal risks to which an investment in the Fund may be subject.

SUPPLEMENTARY INFORMATION

March 31, 2022 (Unaudited)

NOTE 1 – FREQUENCY DISTRIBUTION OF PREMIUMS AND DISCOUNTS

Information regarding how often shares of the Fund traded on the Exchange at a price above (i.e., at a premium) or below (i.e., at a discount) the NAV is available on the Fund's website at www.etmfunds.com.

NOTE 2 – INFORMATION ABOUT PORTFOLIO HOLDINGS

The Fund files a complete schedule of portfolio holdings with the SEC for its first and third fiscal quarters on Part F of Form N-PORT. Once filed, the Fund's Part F of Form N-PORT is available without charge, upon request on the SEC's website (www.sec.gov), the Fund's website (www.etmfunds.com) and is available by calling (877) 756-7873. The Fund's portfolio holdings are posted on the Fund's website at www.etmfunds.com daily.

NOTE 3 - INFORMATION ABOUT PROXY VOTING

A description of the policies and procedures the Fund uses to determine how to vote proxies relating to portfolio securities is provided in the Statement of Additional Information ("SAI"). The SAI is available without charge upon request by calling toll-free at 1-844-ETF-MGRS (1-844-383-6477), by accessing the SEC's website at www.sec.gov, or by accessing the Fund's website at www.etmfunds.com.

Information regarding how the Fund voted proxies relating to portfolio securities during the period ending June 30 is available by calling toll-free at 1-844-ETF-MGRS (1-844-383-6477) or by accessing the SEC's website at www.sec.gov.

Carefully consider the Fund's investment objectives, risk factors, charges, and expenses before investing. This and additional information can be found in the Fund's prospectus, which may be obtained by calling 1-844-ETF-MGRS (1-844-383-6477) or by visiting www.etmfunds.com. Read the prospectus carefully before investing.

Board of Trustees

Set forth below are the names, birth years, positions with the Trust, length of term of office, and the principal occupations and other directorships held during at least the last five years of each of the persons currently serving as a Trustee of the Trust, as well as information about each officer. The business address of each Trustee and officer is 30 Maple Street, 2nd Floor, Summit, New Jersey 07901. The SAI includes additional information about Fund directors and is available, without charge, upon request by calling 1-844-ETF-MGRS (1-844-383-6477).
